Montreal, QC

U.S. Corporate Tax Intern

May 2026 – August 2026

- Supported sell-side tax due diligence for the carve-out divestiture of an AIM-listed internet services group's domains division, spanning 42 legal entities across 15 jurisdictions, contributing to the U.S. workstream of the Tax Fact Book presented to prospective buyers
- Analyzed US\$13.8M of federal consolidated NOLs on a sell-side carve-out, identifying US\$12.1M of SRLY-limited losses restricted to a single acquired subsidiary and flagging a potential US\$2.6M deferred tax asset overstatement impacting the closing balance sheet
- Supported U.S. tax due diligence on the acquisition of a plastics molding manufacturer by a major Canadian pension fund, identifying a potentially ineligible US\$2M PPP loan and evaluating resolution mechanisms (repayment, escrow, and indemnification structures) to clear the exposure prior to closing

Allure Ventures

Vancouver, BC

Associate Intern

May 2025 – August 2025

- Prepared sell-side CIM investor decks synthesizing project-level IRR, equity multiples, and comparable transaction data, helping secure multiple early equity commitments in pre-sales
- Built a DCF model for Sky-Living, a \$280M landmark tower, projecting unlevered free cash flows, calculating WACC, and running sensitivity analyses on discount rate and exit cap rate assumptions to support capital structuring decisions

Rotman Commerce Consult for Impact

Toronto, ON

Pro-Bono Student Consultant

August 2025 – December 2025

- Built a diagnostic framework to evaluate efficiency and resource allocation at a \$9M-revenue non-profit, writing Python scripts to clean financial data and run LLM-based analysis on transcripts to surface recurring themes and sentiment.
